Experience

FREELANCE – Greater Philadelphia Area 2018 – Present

General Technician

Worked directly with bands and other organizations to provide audio/visual reinforcement under my own company, Apex Event Group. Consulted with various A/V companies regarding installation and production concerns.

DFX – West Berlin, NJ 2016 – 2020

Lead Technician/Lead Audio Engineer

Designed and implemented show systems for multiple clients, including Comcast Corporation. Operated mixing consoles (both live and broadcast audio) for shows including nationally syndicated broadcasts on published and affiliate networks. Installed, operated, and serviced equipment used on various rentals/productions.

SENECA/LENAPE HIGH SCHOOL DISTRICT – Tabernacle, NJ 2020 – Present

Computer Technician

Oversaw installation, use, and maintenance of educational technology in a building with 1000+ users. Implemented new consoles, processing, and RF in the auditorium and other common spaces. Assisted the district's TV station with production of special events and installation of new equipment in their broadcast truck.

Education

ROWAN COLLEGE AT BURLINGTON COUNTY – Mt Laurel, NJ 2017 – 2020
